

Surgeons Quarter and The Royal College of Surgeons of Edinburgh are proud to support Bowel Cancer UK throughout 2019.

We are raising funds to support Bowel Cancer UK's "Improving Surgery Saving Lives" Research. The appeal will invest in vital research right here in Scotland.

Bowel Cancer is the second biggest cancer killer worldwide. In Scotland alone 1,600 people die each year from the disease.

However, bowel cancer is treatable and curable, especially if diagnosed early. Nearly everyone diagnosed at the earliest stage survives, but this drops significantly as the disease develops.

Our target for 2019 is £50,000 through staff events, guest donations and staff taking part in bowel cancer fundraising events.

We are asking guests to add a donation to their bill – 100% of each donation will go to Bowel Cancer UK's "Improving Surgery, Saving Lives" appeal.

We are keeping a total of all donations on a Just Giving page we have created.

Please feel free to visit our page to check on how we are doing, or better still to give us a donation!
